Helpful Hints

1. Bring people to help, but remember, people take up room just like cookies, so adjust the number of vehicles accordingly.
2. Every effort will be made to respect your delivery time. But sometimes it's not possible to have everyone pickup at their exact time. Please be patient. We're all here to have fun and get the cookies!

The troop summary view shows a total row for each girl. The girl order tab does not track cookies by varieties. Cookies orders are now in columns by types of sales – initial, booth and other.

Initial – These cookies were sold at initial order time and this number will match the girl's order on the initial order tab. This number is locked and cannot be changed on the girl order tab. To change this number, it must be changed on the initial order tab.

Booth – These cookies are the cookies the girls sell at the booth sites.

Other – These are additional cookies that are sold after the initial order but are not sold at a booth sale. This could include additional sales to customers, walk-about, etc.

Total – Total of cookies sold by the girl.

Total Due – This figure is calculated by taking the total cookies sold and multiplying that by the selling price to the customer.

Paid – This column will display all payments made by the girl to the troop.

Bal Due – This is the balance that is still due from the girl.

There may be additional column(s) for tracking Gift of Caring/Donation programs that are specific to your council.

The system will tell you how many cookies you have ordered through the initial order, cupboard/depot pickups, and/or troop transfers. It will then tell you the difference between what has been allocated to the girls. This will help to ensure that you allocate all the cookies received to your girls.

Girl Totals – This line shows you all the cookies that have been allocated to the girls. Your goal is to match the total number for the girl totals line to the total number for the troop order line.

Troop Order – This line shows you all the cookies the troop has received either via initial order, troop-to-troop transactions, pick-ups from the service unit and/or cupboard. These packages are ultimately what the troop is responsible to pay for. This line will update throughout the cookie sale.

Difference - This line is to help you know if you need to allocate more cookies to girls or if you have over allocated. The goal is that the total column on the Difference row will be 0 by the end of the sale. As you assign cookies to girls, the girl total line will be updated. As transactions are posted to your troop (see the transaction tab or sales report for details), the troop order line will be updated.

Girl Order Tab – Varieties Format

This tab allows you to enter by girl, additional cookie orders, booth sales packages sold, all by variety, Gift of Caring pkgs and payments. You can add a comment on each row. There are two views of the girl orders. You can see a summary troop view or each girl's detail. The system defaults to the troop summary view. Your council may limit your girl transaction to not exceed the troop package total.

Council Sponsored Booth Sales (Council Sales)

Council sponsored booth sales are sites that are scheduled by council and open to all troops to hold a booth sale at. There may be rules to how many and when these sites can be selected. Your council will inform you of these rules.

The screenshot shows the Troop 6073 Booth Sales interface. At the top, there is a navigation bar with tabs for Settings, Girls, Init. Order, Delivery, Girl Orders, Booth Sites (highlighted), Transactions, Rewards, and Depo. Below the navigation bar, there is a header for Troop 6073 Booth Sales with a help icon. The main content area is divided into two columns. The left column lists various council booth sales, including locations like Palo Cedro, CA, Redding, CA, and San Diego, CA, with specific dates and times. The right column shows a detailed view of a Safeway booth sale at 1231 Upas St, San Diego, CA 92103. It includes a 'Submit' button and a table for selecting a time slot and troop. The table has columns for Time and Troop, with the 6:00pm slot selected for Troop T6073.

To begin selection of your Council Booth Sales, click on the plus sign next to the city in which you are interested in holding a booth sale. Then choose the store and location by clicking on the plus sign next to it. Choose the date and time range you are interested in by clicking directly on the text. This will bring up a small screen on the right which will show the available time frames.

To select the time period, click on the space to the right of the time that you are interested in. To deselect it, you just need to click the space again. Once selected, click on the submit button to reserve your location and time. You will receive a message that your time is reserved. Appendix A – Gift of Caring Screen Shots

There are three different types of Gift of Caring – Council, Troop and FYI. These columns are optional. See your council manual for detail information. Any columns on the initial order tab will show on the girl order tab. However, there may be columns just on the girl order tab that are not on the initial order tab. The acronyms are council specific. The screen shots below are just an example.

Location and Specifications for the Initial Order Screen -

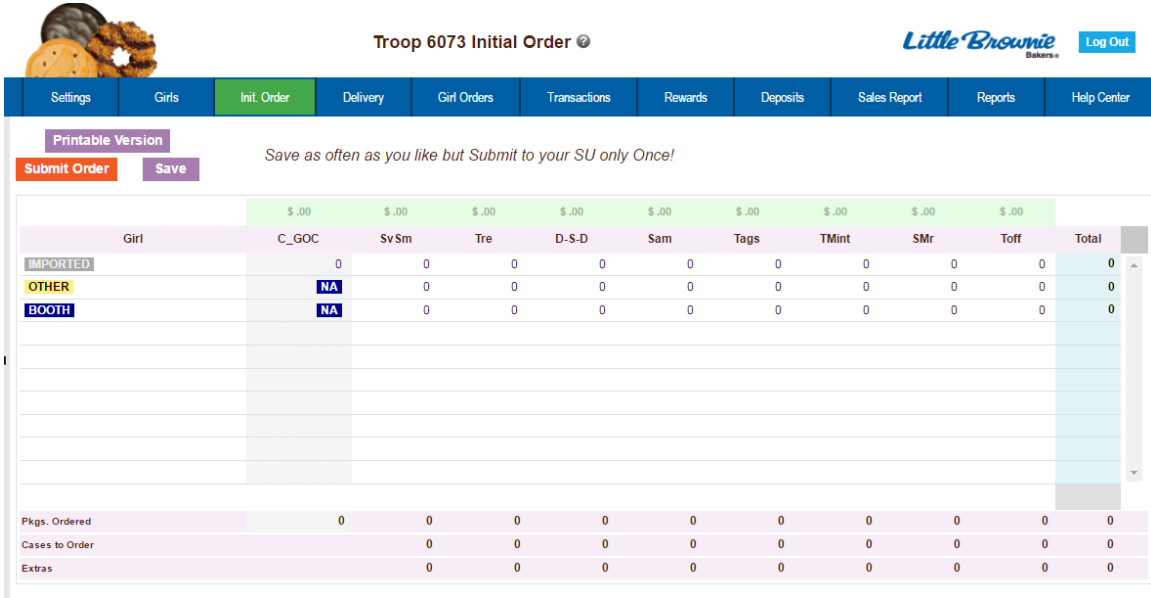

Council Gift of Caring (C_GOC) – This column will show on the far left column before the Savannah Smiles variety. The cookies in this column are not ordered. However, the quantity for these cookies will be part of the total boxes sold for the girl and will be added to the financial dollars.

Troop Gift of Caring (T_GOC) - This column will show on the right as a column displayed before the Total column. The cookies in this column are not ordered. However, the quantity for these cookies will be part of the total boxes sold for the girl. These cookies will **NOT** be added to the financial dollars. The expectation is that they will be ordered as booth/other on the initial order or at a later date.

FYI Gift of Caring (F_GOC) – This column will show to the far right of the screen after the total column. This is an informational column only. These cookies will **NOT** be part of the total boxes sold by the girl. The expectation is that the actual cookies have been ordered by variety and this is just to inform the council how many of these cookies are Gift of Caring.
