

Property Update
July 2016

The property committee continues to follow the revised timeline established by the board of directors in October of 2015. The following recommendations have been determined by the property committee and will be reviewed and voted upon by the board of directors at the August 11 board meeting.

1. The Property Committee of GSEIWI recommends to the board of directors the sale of Camp Tahigwa in Dorchester, Iowa, in its entirety to an entity with the condition that the land be maintained as a natural space in perpetuity for public use.
2. In order to protect the high quality of the natural resources of Camp Tahigwa, the Property Committee of GSEIWI also recommends to the board of directors as the first option of sale of property to develop an exploratory letter to the county conservation boards of Fayette, Winneshiek, Clayton and Allamakee and the Iowa DNR and Iowa Natural Heritage Foundation leaders. We further recommend that a task group of the board be appointed to negotiate a mutually beneficial agreement for the divestiture of this property with final approval of any said agreement to be determined by the majority of the board of directors.
3. The property committee recommends the divestiture of the 22.2 acres at Camp L-Kee-Ta across the road from main camp.
4. The property committee requests that no action be taken by the board of directors on the other parcels of land at Camp L-Kee-Ta until more information can be shared and discussed.
